

A T T E N T I O N

Organ för Finlands DX-Club r.f.

= = = = =  
Nummer 6                                  Juni 1960                                  Årgång 7  
= = = = =

Ja, nu är det sommar igen, med vackert väder ibland, kvällarna är långa och nätterna ljusa. Det är ju inte så gott att sitta vid sin radio då och DX-a, man skjuter hellre upp allt sådant tills kvällarna blir mörkare. Så gör också Attention's redaktion, och resultatet ser ni här nedan, en bulletin.

Men till hösten skall det bli andra takter. Septembernumret kommer nämligen att bestå av två tidningar, FDXC och Danmarks Kortbølgeklubb har nämligen beslutat att utge en gemensam tidning. Möjligen får vi ännu en svensk klubb med, men det är på intet sätt säkert ännu, vad jag vet.

Klubbens medlemmar får nu tillfälle att se hur en dansk DX-tidning ser ut, och danskarna får i gengäld se hurudan Attention är. Detta är naturligtvis endast ett experiment, men om det utfaller väl kanske det kommer flera internordiska tidningar. Samarbetet mellan de nordiska DX-klubbarna börjar ta allt fastare form.

Vi hoppas att vi skall få se ett tjockt och innehållsrikt nummer, och därför är det önskvärt att så många medlemmar som möjligt understöder företaget genom att skicka in tips, artiklar och annat smått och gott som passar i en DX-tidning.

Till sist skall jag ännu påminna er om att tiderna för klubbens program har ändrats. Den utsändning som säkrast hörs i Finland går fredagar kl. 21.00-21.30 GMT över 6120 kc/s = 49.02 meter. Sändningen är riktad mot Europa.

Så hoppas jag att vi får motta rikligt med bidrag till julinumret. Bidragen skall vara klubben tillhanda senast den 10 juli. God fortsättning på sommaren.

Eric.

Följande nummer av Attention utkommer i form av tidning i juli. Bidrag till detta nummer bedes vara redaktionen tillhanda före den 10 juli. Vi skall försöka få ut den någorlunda itid, trots sommarhettan..... försöka duger.

DX-NYHETER.

Rapporter önskas! I brev meddelar Evangeliska Fosterlandsstiftelsen att man gärna vill ha utförliga rapporter på Radio Monte-Carlos försöksutsändningar på 9733 kc/s 30,83 meter kl.05.00-0545, 2200-2300 GMT. Adressen är : Evangeliska Fosterlandsstiftelsen. Tegnergatan 34 2 tr., Stockholm Va, Sverige. DXR.

Nya kortvågssändare planeras i Österrrike. Österreichischer Rundfunk planerar att installera en kv-sändare med hög effekt i Moosbrunn, som ligger på en slätt 20 km söder om Wien. Nu består stationen av fyra sändare med 200 och 300 watts effekt. Dessa sändare har nyliken flyttats från stationen i Bisamburg. EBU.

Saxat ur DXing Horizons flash sheet 9 ( Detta blir på samma gång en läsövning i det engelska språket. Tag fram ett lexikon, om du inte förstår varje ord, man lär sig..)
