WRH's Summer Supplement utkommer detta år i slutet av juni eller början av juli. Enligt förläggaren kommer detta års upplaga att vara något utökad jämfört med tidigare utgåvor. Innehåller såsom de senaste åren en separat kortvågslista. Priset, mk 5.- insättes snarast möjligt på postgirokonto nr 15993.

MV-NEWS

22.00 AFN low power hörs med 3/3 på 1502.

22.15 RTF Paris I med hörspel på 868, 4/3.

23.30 R.Veronica i slagsmål med småsvenskar på 1562, 5/4.

23.50 En oid. EAK-station på 1270-1280 med 3/3.
(På 1277 finns det nuförtiden en massa av dem, ingen dock i WRH. HS)

00.00 EAJ101 R.Zaragoza stängde på 827 med 4/4.

Tipsen insända av GTK-Gunhard T.Kock, Noux, Esbo.

Red. (HS) besökte 5-7 juni Pertti Ayräs i Åbo varvid det blev s.a.s plenty of DX. Vid koll på MV en morgon ca 0200 GMT loggades lattare och brassar på var 10:e kc mellan 1300 och ~~1400~~ 1600 (de lediga frekvenserna!). Det finns således chanser till MV-dx även nu på sommaren. Det är dock kanske inte det trevligaste att lyssna på MV nu på grund av den höga störningsnivån.

Red. rekommenderar alla mv-lyssnare att söka efter afrikaner då de flesta afrikanska länderna har sin nationaldag nu under sommaren. Chanserna att höra dessa rara stationer är under normala förhållanden minimala p.g.a. europeerna men under nationaldagarna brukar afrikanerna köra över, vilket betydligt ökar deras chanser att höras här i Norden.

NÄSTA KLUBBMÖTE

hålls torsdagen den 23 juli kl. 19.00
hos Eric Gagneur, Högbergsg. 22 A 1,
H:fors. Alla är välkomna!
